Dear Sir,

Sub: Renewal of Doctors Registered with KMC before 1st May 2011 –Advertisement reg

I am a medical practitioner registered with the Karnataka Medical Council, holding the Certificate of Registration that is PERMANENT, as per the details provided above.

I have seen advertisements in some newspapers today, that renewal of doctors registered with KMC before 1st May 2011 will start from May 2016 onwards and that all doctors are requested to visit the web site www.karnatakamedicalcouncil.com for further details. Accordingly, I have read the information provided on the MS Word document that opened on clicking the ticker titled Renewal of Registered doctors by Karnataka Medical Council. I have also clicked on all other tabs/links on the said web site.

This MS Word document on page 1 only mentions of special considerations for 5 categories and has no specific information for doctors residing and practicing in Karnataka, like myself. Neither this MS Word document, nor the advertisement, nor any other link/tab on the web site, provide any statutory basis for the renewal that the advertisement has mentioned.

This MS Word document mentions that all the registered practitioners have to surrender their original K.M.C. registration certificate. As I have a PERMANENT REGISTRATION Certificate, and as KMC, on its web site, is providing forms for PERMANENT REGISTRATION only for new registrations, I am at a loss to understand the need for surrendering my PERMANENT REGISTRATION Certificate.

Further, I have not received or seen any intimation/communication/notification from Karnataka Medical Council regarding renewal or CME credits anytime in the last 5 years, nor such documents are provided on the web site.

Therefore, I call upon you to clarify on these issues and provide the relevant documents and oblige. Otherwise, renewal cannot be considered.

Thanking you,

Yours sincerely,
